

ExxonMobil and Walmart team up for a new strategic collaboration

We're excited to introduce our new national loyalty offer with Walmart, the largest retailer and grocer in the U.S. Exxon™ and Mobil™ sites now represent >80% of Walmart's fuel redemption network.

> 20M Walmart+ members now save at Exxon and Mobil sites

ExxonMobil has teamed up with Walmart to gain access to its rapidly growing Walmart+ membership base, which is currently > 20M consumers. [Walmart+ members now save 10¢ on every gallon of fuel using the Walmart app](#) at over 12,000 Exxon and Mobil stations nationwide. ExxonMobil is the only nationally available fuel benefit provider for the Walmart+ member program from Walmart.

This offer will attract a large and growing digitally engaged consumer segment of Walmart+ members, who benefit from a 10¢/gallon everyday discount. Walmart+ members do not need to visit a Walmart store to access their fuel benefit (no earn and burn required). Walmart is also well-known for being a major player in ecommerce and a leader in grocery delivery.

Driving more loyalty and business to your sites

This new relationship with Walmart delivers on our commitment to establish a grocer partner with national scale, which enables increased consumer traffic and stickiness to our branded network, and delivers exceptional value to consumers and profitable sales for your business.

How does the program work?

ExxonMobil has worked closely with Walmart to enable contactless payment for Walmart+ members utilizing the Walmart app. This is the first time the Walmart app has been used for payment at non-Walmart locations via a turnkey solution that enables an instant roll back discount.

Consumers purchase within the Walmart app. At the pump, open the Walmart app to begin the fueling process. Enter your fuel pump number, choose your payment method, select your grade and begin fueling. You'll get an e-receipt in the Walmart app when finished.
